JAN - FEB 2016

## ALWAYS EVOLVING...

---

The go-to-brand for Middle Eastern inspired homeware accessories and furnishings, Silsal Design House (SDH) pieces have a long-standing reputation for their creative energy, free-spirited originality, and stylistic power.

Our latest collection, Ashkaal (meaning shapes), offers fresh interpretations of Islamic art and architecture, combining a bold choice of colors with multiple variations of the same pattern.

On its own, each piece is sleek, defined, and elegant. Together, they hold the secret to glamorous dining.
